

ASK Synopsis.

I'm looking forward to seeing you at the ASK conference on 3rd June and very much hoping this will be an interactive and fun session, where you will all come out of it with a free remedy specific to your own health and wellbeing.

Homeobotanical remedies are powerful, synergistic blends of proven organic herbal combinations in liquid form. They are potentised homoeopathically and selectively chosen to target a specific organ and/or system of the body. They have three main actions, detoxification, nutrition and amphoteric, (bringing the body back to balance, whether it's hyper or hypo), making these a very powerful therapeutic tool for vibrant health and a valuable addition to any complimentary health practice, if you are qualified in your field, you can utilise these remedies, they are simple to use, safe to take and very effective. Patricia Raven has very kindly given us her chart of Meridians to test the HB's against and I will supply test kits for you to use to diagnose your own remedy to take away at the end of the day, these test kits will also be on sale at the end of the session, if anyone would like to purchase them for their clinic.

Warm regards

Dr. Deborah Kerslake
